Westfield, Indiana's Arts & Cultural Event

## Why take a chance on an up-start arts & cultural event?

For indy art's sake, that's why!

Westfield has an independent streak—independent art, that is. Our showcase of independent artists began three years ago as a volunteer-driven, juried arts event. Numa is now one of Westfield's most widely anticipated Saturday's of the year.

Located at North Union and Penn Streets, near Westfield City Hall, some 35 juried artists will participate this year, alongside eclectic musical guests, performance artists, children's activities and upscale food and beverage vendors.

Our aim is to differentiate ourselves as we grow from Indiana's newest city into a community of culturally aware patrons of the arts—indy art. We want indy artists like you to feel at home in Westfield and find the consumer support you need to keep producing spectacular work for years to come! And it all starts with Numa.

What do you say? Take a chance on us and be a part of expanding independent art's customer base in the northern Hamilton County.
